

PIGGYBACKING ON FURNITURE AND EQUIPMENT CONTRACTS

*Piggybacking on Furniture and Equipment Contracts*

Many school districts like to use or “piggyback” pre-existing Furniture and Equipment contracts. This is acceptable in the Office of Public School Construction’s Disabled Veterans Business Enterprise (DVBE) Program when the original contract:

- Has not passed its expiration date or exceeded its dollar amount (if limited).
- Has provisions that allow for piggybacking; and meets the DVBE requirements (if signed after November 1, 1992).
